GAS EXPLOSION DEALS DEATH IN MINING SHAFT.

Suffocating Fumes at First Drive the Rescuers Back, but After a Time the Injured and Charred Bodies of Dead Are Brought to Surface,

As the result of an explosion of gas In mine No. 4 of the Lackawanna Coal and Coke company at Wehrum, Pa., shortly after 7. o'clock Wednesday morning, seventeen miners were killed and sixteen injured. With the exception of one, those killed were foreigners. With few exceptions those injured were Americans.

Twelve of the more seriously hurt were taken to the Spangler hospital. It was stated all probably would recover. Inspector Joseph Williams, of Altoona, with a party entered the mine shortly after 8 o'clock for the purpose of ascertaining if anyone was yet entombed. Superintendent W. N. Johnson stated Wednesday night that while the mine has been regarded as nongaseous, the explosion was due to the ignition of a pocket of gas by the open lamp of a miner.

The first man to reach the surface was A. L. Johnson, son of the superintendent. Young Johnson had been in a lower heading. There were burns on his arms, body and neck and it was stated he had inhaled flames. He is one of the few of the very seriously injured. Following the superintendent's son came two Italians, their faces burned to a crisp. They were attended by mine physicians. Superintendent Johnson called for volunteers to enter the mine. In the volunteer ranks stood several women. These were ordered back. With wet handkerchiefs tied over their faces the first squad of the relief party started, four came back unaided, the others, overcome with black damp, were pulled to the surface with ropes. A second and a third party entered, only to be driven back by deadly gases.

Oxygen, sent by the Cambria Steel works, aided the searchers and with safety helmets a fourth rescue party succeeded in bringing twelve bodies to the surface. Late in the afternoon fiv more bodies were recovered.

In twos and threes the injured were found and lifted to the mouth of the mine, and there hastily taken to the temporary hospital established at the company's store. They were later removed to the Spangler hospital, twenty-six miles from Wehrum. Late Wednesday night all but two rooms of the mine had been thoroughly searched, and it was announced that it was thought no more bodies were in the

WATER STOLEN BY ARMED MEN.

Big Theft Occurs Near Colorado Springs, Colo.

Six armed men, supposedly from Victor, Colo., early Wednesday morning held up Caretaker Arthur, of the Colorado Springs, Colo., water system, opened the flood gates on Pike's Peak and turned 174,000,000 gallons of water into the Victor reservoir. Caretaker Arthur was held a prisoner for some time while the water was being run off, but finally managed to elude his captors and telephone to the city for help. Sheriff Burdsail, of El Paso county, with a posse of ten armed men, including deputies and detectives, immediately left for the scene of the

The water supplies for Colorado Springs and the Cripple Creek district are located on the slopes of Pike's Peak and disputes over them are frequent causes of friction between the two cities. It seems that Victor is short of water this year, although Colorado Springs has an ample supply, having 900,000,000 gallons left after the theft of Wednesday morning.

Arbuckle a Witness.

HARRIMAN RUMORS DENHED.

No Truth in Stories of the "Wizard's" Death.

Rumors that E. H. Harriman was ritically all in Vienna, a report that at times was exaggerated to the extent of saying that he was dead, all met with prompt denial by his associates at the Union Pacine offices Monday afternoon. But netwithstanding, the reports, coupled with a sharp bear New York stock market, and the decline in the so-called Harriman stocks had not been checked when trading closed. Union Pacific dropped 4 ing a net loss of 3% for the day. Southern Pacific showed a net loss of %; Reading, 4%, and Amalgamated Copper, 3%. Losses as high as 12 points from the high water mark from a few days ago were recorded.

One of Mr. Harriman's closest assodates said Monday afternoon that he felt convinced any report purporting to indicate that Mr. Harriman was seriously III was utterly false.

"We have received several cablegrams from Mr. Harriman today," he said. "One of these was addressed to a member of his family, and gave no hint of any change in Mr. Harriman's condition."

Robert S. Lovett, vice president and general counsel of the Union Pacific Railroad company, made this state-

"I have no doubt that the rumors are false. I had a cablegram from Mr. Harriman this morning upon a matter of business. I have been called upon most every day since Mr. Harriman sailed to deny false reports about his health. I am tired of it, and shall

pay no further attention to them." A dispatch from Vienna says: "There is no truth whatever in the reports which seem to have been current in many parts of the world that E. H. Harriman is seriously fil. Mr. Harriman's health on the whole is considered satisfactory. Certainly there have been no serious complications of any kind since he arrived here. He has been driving daily and has shown a lively interest in all Viennese social events. On Saturday Mr. Harriman was among the guests of the emperor at the Neue Handel's akademie, and on Sunday afternoon he witnessed the trotting races and took a drive through the principal streets."

MINISTERS OUST FOSTER.

Expelled from Chicago Conference on Account of Heretical Views.

Professor George Burman Foster on Monday was expelled from the Chicago Baptist Ministers' Conference be cause of the alleged heretical beliefs expressed in his recent book on "The were stripped of their crops by the Function of Religion." After a long hail and others were ruined by the and heated debate, in which the clergyman indulged in bitter personalities, the organization at its weekly meeting decided by a vote of 40 to 10 to drop the University of Chicago professor from its membership. The action does not affect Professor Foster's standing as a Baptist minister, but simply ad vocates disapproval of him and takes from him the right of fellowship in the conference. The resolution finally passed was stripped of all unnecessary verblage, and in such form was able to command the support of a number who disliked the sort of tactics pursued by the foes of Professor Foster. As introduced by Rev. Johnston Myers, leader of the anti-Foster forces, the original resolution recited the various accusations against Professor Foster and declared his retention in the association injurious to the denomination. It also called upon the trustees of the University of Chicago to dismiss Professor Foster from the faculty of the institution. With the consent of Mr. Myers the resolution was amended and simplified until its final form, as passed, was as follows: "Resolved, That the Baptist Ministers' Conference of Chicago drop Professor George Burman Foster from its membership."

BISHOP RUN OUT OF TOWN.

Action Against Nebraska Catholic Dignitary Follows Foud.

At Ulysses, Neb., at mob Friday night drove Catholic Bishop Bonacum, of Lincoln, and two priests who accompanied him out of town and threatened them with violence. The troude of the evening had its origin in It's long church faud between Bishop Benacum and the Rev. William Murphy, for several years priest in control of the parishes of Ulysses and Seward. Bishop Bonacum excommunicated Father Murphy, was sustained at Rome, and recently secured a raling in the civil courts ousting Pather Murphy from the parlah property. The majority of the parishioners throughout the long controversy have stood with the priest, the trustees at Seward at different times refusing to permit priests sent by the bishop to occu-

py the church. The storm broke when Bishop Boncum, accompanied by Fathers O'Brien and Kline, came to install them, respectively, at Ulysses and Seward. Father O'Brien was sent out from the hotel to reconnolter." He found the church strongly guarded and the aspect threatening. It was then decided to hold the formal ceremonies of taking possession of the church at the hotel, and this formality was begun. The mob on the outside of the hotel began making a demonstration. Threats were made to "egg" the bishop, and at the most critical moment when it seemed that violence would be done Father Murphy arrived and pleaded with the people to commit no breach of the peace and to acquit themselves as law abiding citizens. He asked the people to protect from any

violence the bishop and the priests. Father O'Brien arranged for a vehicle to take them out of the village. Almost before the crowd knew what was being done the bishop and the two priests were loaded into the livery rig. and a start was made for the country on the road to David City. The conveyance started away at a lively pace. and it was some time before an automobile carry representatives of Father Murphy's flock went in pursuit. The story told by the liveryman, who returned soon after without his passengers, was that he was overtaken on the road and his passengers were ordered to get out and walk. This they did, and then the liveryman was ordered to turn about and drive to Ulysses without loss of time. It was late at night that Bishop Bonacum and the priests went to a farmhouse for protection and engaged a farmer to take them to David City.

NINE KILLED IN WRECK

Two Heavily Laden Cars Crash Together with Fatal Results.

Nine men were killed and at least a dozen men and women injured Saturday night in a head-on collision between two heavy cars of the South Shore Electric Railway at Samuel's Crossing, Ind. The accident occurred shortly after 9 o'clock. A west-bound car was coming at high speed down a long hill, which is formed by the elevated structure under which the Lake Shore railroad tracks pass. The car was well filled. At the foot of the hill it met an east-bound car, also going at a terrific speed. The cars were buried in each other. The motorman of the west-bound car was killed, while the motorman of the east-bound car put on his brakes and jumped. The passengers were farmers and residents of Porter and Michigan City. It was hours before all the bodies could beextricated. The injured were taken to farmhouse a and rushed on special cars to South Bend and near-by towns.

BODY FOUND IN TRUNK.

Victim Believed to Be Elsie Sigel,

Granddaughter of General Sigel. The body of a young and pretty woman, strangled to death and then wedged into a small steamer trunk, was found by the police on the top floor of a four-story brick building at 782 8th avenue, New York.

Two Chinamen who disappeared suddenly about the time the woman came to her death are being sought by the police, who are also endeavoring to ferret out the significance attending the mystery in the disappearance of Elsie Sigel, of 209 Wadsworth avenue. a granddaughter of the late General Franz Sigel, of Civil War fame, who has been missing from New York for a fortnight.

Around the dead girl's neck was found a gold plated clasp pin bearing the letters "E. C. S." The father of Miss Sigel, who is an inspector in the health department, could not identify the trinket as that of his girl. Her mother identified it later.
